Listed below are a few points to take into consideration, which will help to ensure the health and safety of all users of the pool

◆ **Safety**

Do not leave children unattended. Please be aware that our staff are not responsible for the children while they are in the changing rooms, school corridors and car park.

◆ **Lockers**

We strongly recommend that you use the lockers that are located in both the male and female changing rooms. They take a £1 coin that is returned when the locker is re-opened.

◆ **Illness**

We would like to remind every one of the guidance to follow when eating before swimming. After eating a light snack you should allow between 1 and 2 hours before entering the water and after a meal between 3 and 5 hours.

◆ **Long Hair (Boys and Girls)**

Preferably a swimming cap should be worn but if this is not possible then please ensure that the hair is tied back using a band or bobble. Please do not use any sharp clips or slides.

◆ **Goggles**

Children wear goggles at their own risk. Parents must be responsible for adjusting and ensuring that goggles fit correctly.

◆ **Boys Shorts/Short Wet Suits**

Loose fitting shorts and wet suits are not appropriate for swimming lessons as they can inhibit some of the swimming activities.

◆ **Plasters**

Please remove any plasters before entering the pool.

◆ **Changing Rooms**

- Children over the age of 8 must use the correct changing room for their gender. Parents bringing younger children should use the correct gender changing room appropriate to the parent.
- Men/boys over the age of 8 years must enter the poolside via the male changing rooms.
- Women/girls over the age of 8 years must enter the poolside via the female changing rooms.

◆ **Jewellery**

Please remember that no jewellery is permitted in the pool and this includes earrings. If earrings cannot be taken out then a swimming cap must be worn.

◆ **Poolside Contamination**

- Please remove footwear to prevent outdoor contamination on the poolside.
- Wheelchair users and less able bodied spectators should remain within the designated area (by the medical room at the shallow end of the pool).

◆ **Poolside**

- Please do not enter the poolside if there is no lifeguard or teacher present.
- No buggies or prams can be taken on to the poolside.
- No mobile phones, camera or video equipment to be used in the pool area.
- Please ensure that children who are not swimming stay on the bench and do not wander around the poolside.
- Please do not block fire exits.
- Please remember that no food or drink is to be taken on to the poolside and unfortunately this must include snacks/sweets and drinks for younger children who you may bring with you.

Thank you for your co-operation in these matters.

Jill Belcher

Swim Scheme Director
